CONFLUENCE - LALITHA LAJMI

A Virtual Exhibition presented by Goethe-Zentrum Hyderabad,
Curatorial associate Lina Vincent

In collaboration with Gallery Art & Soul

On View until: 19 Sep 2021

What should one write of art that speaks volumes on its own? How can one confine the many trajectories of an artist's mind within few chosen themes and contexts?

This exhibition is a Confluence in more ways than one – it offers glimpses of Lalitha Lajmi's extensive repertoire in painting, drawing, and printmaking, bringing together formal and conceptual explorations of the artist across several decades- right from the 60s until contemporary times. It also embodies in meaning, the manner in which her art practice has always been the meeting point of all her experiences and emotions; the very substance of her life.

Lajmi is a deeply intuitive artist who has embraced change at every turn, allowing her inner urge to lead her into newer ways of expression. She often explains from her own experience that it takes a long time to find oneself in one's work. Considering herself a self-trained artist, she was advantageously perhaps, kept away from the rigidities of a conventional fine arts education.

One of the most appealing aspects of Lalitha Lajmi's works are that they have the capacity to become a reflection of a viewers' own experience. They are deeply human in content and communicate at an emotional level.

ART FROM THE HEART

A virtual exhibition of Art by artists with disabilities

In collaboration with Youth 4 Jobs | Not Just Art, Art for Inclusion | India Inclusion Foundation & Atypical Advantage

23 Sep - 16 Oct 2021

Twelve Artists with Disabilities display their flair for visual arts and knack for aesthetics as a part of the "ART FROM THE HEART" Exhibition. Whether its creating intriguing abstract imagery through acrylic colors or painting a heartwarming, simple portrait, all art pieces appeal to the eye and the heart of the viewer. The incessant drive to be creative on canvas, despite challenges, makes these twelve artists, masters of imagination and drivers of transformational art. Their disabilities make them stronger and work harder in the spirit of all things artistic. Watching this refreshingly different kind of Art will give you a sneak peek into an unseen world of visuals and beauty.

BLACK BOX GERMANY

A film by Andres Veiel

2001 · Documentary · 102 m · German with English Subtitles

29 September 2021 | 18:30 hrs IST

In BLACK BOX BRD Andres Veiel contrasts the biography of Alfred Herrhausen, then CEO of Deutsche Bank, with that of RAF terrorist Wolfgang Grams. Herrhausen was murdered by the RAF in a bombing on 30 November 1989. In 1993, when he was arrested at Bad Kleinen train station, Grams was killed in an exchange of fire with the police. Andres Veiel deals in detail with their biographies, beliefs and ideals. Veiel implemented a mixture of documentary and fictional narrative forms to show how close feature and documentary films can be.
